Sec. 107. Where a party receives notice of dishonor he has, after the receipt of such notice, the same time for giving notice to antecedent parties that the holder has after the dishonor.

Sec. 108. Where a party has added an address to his signature notice of dishonor must be sent to that address; but if he has not given such address then the notice must be sent as follows:

1. Either to the post office nearest to his place of residence, or to the post office where he is accustomed to receive his letters; or
2. If he lives in one place and have his place of business in another, notice may be sent to either place; or
3. If he is sojourning in another place, notice may be sent to the place where he is sojourning.

But where the notice is actually received by the party within

the time specified in this act, it will be sufficient, though not sent in accordance with the requirements of this section.

Sec. 109. Notice of dishonor may be waived either before the time of giving notice has arrived, or after the omission to give due notice, and the waiver may be expressed or implied.

Sec. 110. Where the waiver is embodied in the instrument itself, it is binding upon all parties; but where it is written above the signature of an indorser, it binds him only.

Sec. 111. A waiver of protest, whether in the case of a foreign bill of exchange or other negotiable instrument, is deemed to be a waiver not only of a formal protest, but also of presentment and notice of dishonor.

Sec. 112. Notice of dishonor is dispensed with when, after the exercise of reasonable diligence, it can not be given to or does not reach the parties sought to be charged.

Sec. 113. Delay in giving notice of dishonor is excused when the delay is caused by circumstances beyond the control of the holder and not imputable to his default, misconduct or negligence. When the cause of delay ceases to operate, notice must be given with reasonable diligence.

Sec. 114. Notice of dishonor is not required to be given to the drawer in either of the following cases:

1. Where the drawer and the drawee are the same person.
2. Where the drawee is a fictitious person or a person not having capacity to contract.
3. Where the drawer is the person to whom the instrument is presented for payment.
4. Where the drawer has no right to expect or require that the drawee or acceptor will honor the instrument.
5. Where the drawer has countermanded payment.

Sec. 115. Notice of dishonor is not required to be given to an indorser in either of the following cases:

1. Where the drawee is a fictitious person or a person not having capacity to contract and the indorser was aware of the fact at the time he indorsed the instrument.
2. Where the indorser is the person to whom the instrument is presented for payment.
3. Where the instrument was made or accepted for his accommodation.

Sec. 116. Where due notice of dishonor by non-acceptance has been given, notice of a subsequent dishonor by non-payment is not necessary, unless in the meantime the instrument has been accepted.

Sec. 117. An omission to give notice of dishonor by non-acceptance does not prejudice the rights of a holder in due course subsequent to the omission.*

[*Wisconsin adds: "But this shall not be construed to revive any liability discharged by such omission."]

Sec. 118. Where any negotiable instrument has been dishonored it may be protested for non-acceptance or non-payment, as the case may be, but protest is not required except in the case of foreign bills of exchange.

ARTICLE VIII.

Discharge of Negotiable Instruments.

Sec. 119. A negotiable instrument is discharged:

1. By payment in due course by or on behalf of the principal debtor.
2. By payment in due course by the party accommodated, where the instrument is made or accepted for accommodation.
3. By the intentional cancellation thereof by the holder.
4. By any other act which will discharge a simple contract for the payment of money.*
5. When the principal debtor becomes the holder of the instrument at or after maturity in his own right.

[*The Illinois act omits this subdivision.]

Sec. 120. A person secondarily liable on the instrument is discharged:

1. By any act which discharges the instrument.
2. By the intentional cancellation of his signature by the holder.
3. By the discharge of a prior party*
4. By a valid tender of payment made by a prior party.†
5. By a release of the principal debtor, unless the holder's right of recourse against the party secondarily liable is expressly reserved.§
6. By any agreement binding upon the holder to extend the time of payment, or to postpone the holder's right to enforce the instrument, unless made with the assent** of the party secondarily liable, or|| unless the right of recourse against such party is expressly reserved.‡

[*Missouri adds: "Except when such discharge is had in bankruptcy proceedings."]

[Illinois omits this sub-division.]

[†Arkansas act provides: "By a valid tender of money made by a prior party."]

[Wisconsin adds: "(4a) By giving up or applying to other purposes collateral security applicable to the debt, or, there being in the holder's hands or within his control the means of complete or partial satisfaction, the same are applied to other purposes."]

[§Illinois adds: "or unless the principal debtor be an accommodating party."]

[**Illinois adds: "prior or subsequent."]

[||Maryland, New York, Rhode Island and Wisconsin omit the clause "unless made with the assent of the party secondarily liable, or."]

[‡Wisconsin substitutes for subdivision 6: "By an agreement binding upon the holder to extend the time of payment, or to postpone the holder's right to enforce the instrument unless made with the assent, prior or subsequent, of the party secondarily liable, unless the right of recourse against such party is expressly reserved, or unless he is fully indemnified."]

[Illinois adds "or unless the principal debtor be an accommodating party."]

Sec. 121. When the instrument is paid by a party secondarily liable thereon, it is not discharged; but the party so paying it is remitted to his former rights as regards all prior parties, and he may strike out his own and all subsequent indorsements, and again negotiate the instrument, except:

1. Where it is payable to the order of a third person, and has been paid by the drawer; and
2. Where it was made or accepted for accommodation and has been paid by the party accommodated.

Sec. 122. The holder may expressly renounce his rights against any party to the instrument before, at, or after its maturity. An absolute and unconditional renunciation of his rights against the principal debtor made at or after the maturity of the instrument discharges the instrument. But a renunciation does not affect the rights of a holder in due course without notice. A renunciation must be in writing, unless the instrument is delivered up to the person primarily liable thereon.

Sec. 123. A cancellation made unintentionally, or under a mistake, or without the authority of the holder, is inoperative; but where an instrument or any signature thereon appears to have been cancelled, the burden of proof lies on the party who alleges that the cancellation was made unintentionally, or under a mistake or without authority.

Sec. 124. Where a negotiable instrument is† materially altered without the assent of all parties liable thereon, it is avoided, except as against a party who has himself made, authorized or assented* to the alteration and subsequent indorsers.

But when an instrument has been materially altered and is in the hands of a holder in due course, not a party to the alteration, he may enforce payment thereof according to its original‡ tenor.

[*Wisconsin adds: "Orally or in writing."]

[†Illinois act provides: "fraudulently or materially altered by the holder without," etc.]

[‡In New Mexico "original" is omitted.]

Sec. 125. Any alteration which changes:

1. The date.
2. The sum payable, either for principal or interest.
3. The time or place of payment.
4. The number or the relations of the parties.
5. The medium or currency in which payment is to be made.

Or which adds a place of payment where no place of payment is specified, or any other change or addition which alters the effect of the instrument in any respect, is a material alteration.

TITLE II.—BILLS OF EXCHANGE.

ARTICLE 1.

Form and Interpretations.

Section 126. A bill of exchange is an unconditional order in writing addressed by one person to another, signed by the person giving it, requiring the person to whom it is addressed to pay on demand, or at a fixed or determinate future time, a sum certain in money to order or to bearer.

Sec. 127. A bill of itself does not operate as an assignment of the funds in the hands of the drawee available for the payment thereof, and the drawee is not liable on the bill unless and until he accepts the same.

Sec. 128. A bill may be addressed to two or more drawees jointly, whether

they are partners or not; but not to two or more drawees in the alternative or in succession.*

[*Wisconsin omits "or in succession."]

Sec. 129. An inland bill of exchange is a bill which is, or on its face purports to be, both drawn and payable within this State. Any other bill is a foreign bill. Unless the contrary appears on the face of the bill, the holder may treat it as an inland bill.

Sec. 130. Where in a bill, drawer and drawee are the same person, or where the drawee is a fictitious person, or a person not having capacity to contract, the holder may treat the instrument at his option, either as a bill of exchange or a promissory note.

Sec. 131. The drawer of a bill and any indorser may insert thereon the name of a person to whom the holder may resort in case of need, that is to say, in case the bill is dishonored by non-acceptance or non-payment. Such person is called the referee in case of need. It is in the option of the holder to resort to the referee in case of need or not, as he may see fit.

ARTICLE II.

Acceptance

Sec. 132. The acceptance of a bill is the signification by the drawee of his assent to the order of the drawer. The acceptance must be in writing and signed by the drawee. It must not express that the drawee will perform his promise by any other means than the payment of money.

Sec. 133. The holder of a bill presenting the same for acceptance may require that the acceptance be written on the bills, and if such request is refused, may treat the bill as dishonored.

Sec. 134. Where an acceptance is written on a paper other than the bill itself, it does not bind the acceptor except in favor of a person to whom it is shown and* who, on the faith thereof, receives the bill for value.

[*In Illinois and South Dakota, "to whom it is shown and," omitted.]

Sec. 135. An unconditional promise in writing to accept a bill before* it is drawn is deemed an actual acceptance in favor of every person who, upon the faith thereof, receives the bill for value.

[*In Illinois "before or after."]

Sec. 136. The drawee is allowed twenty-four hours after presentment in which to decide whether or not he will accept the bill; but the acceptance, if given, dates as of the day of presentation.

Sec. 137. Where a drawee to whom a bill is delivered for acceptance destroys the same, or refuses within twenty-four hours after such delivery, or within such other period as the holder may allow, to return the bill accepted or non-accepted to the holder, he will be deemed to have accepted the same.*

[*Wisconsin adds: "Mere retention of a bill is not acceptance."]

[Illinois and South Dakota omit this section.]

Sec. 138. A bill may be accepted before it has been signed by the drawer, or while otherwise incomplete, or when it is overdue, or after it has been dishonored by a previous refusal to accept, or by non-payment. But when a bill payable after sight is dishonored by non-acceptance and the drawee subsequently accepts it, the holder, in the absence of any different agreement, is entitled to have the bill* accepted as of the date of the first presentment.†

[*Illinois adds: "payable."]

[†Illinois divides this section in two, numbered 136 and 137.]

Sec. 139. An acceptance is either general or qualified. A general acceptance assents without qualification to the order of the drawer. A qualified acceptance in express terms varies the effect of the bill as drawn.

Sec. 140. An acceptance to pay at a particular place is a general acceptance unless it expressly states that the bill is to be paid there only, and not elsewhere.

Sec. 141. An acceptance is qualified, which is:

1. Conditional—that is to say, which makes payment by the acceptor dependent on the fulfillment of a condition therein stated.
2. Partial—that is to say, an acceptance to pay part only of the amount for which the bill is drawn.
3. Local—that is to say, an acceptance to pay only at a particular place.
4. Qualified as to time.
5. The acceptance of some one or more of the drawees, but not of all.

Sec. 142. The holder may refuse to take a qualified acceptance, and if he does not obtain an unqualified acceptance, he may treat the bill as dis-

honored by non-acceptance. Where a qualified acceptance is taken, the drawer and indorsers are discharged from liability on the bill, unless they have expressly or impliedly authorized the holder to take a qualified acceptance, or subsequently assent thereto. When the drawer or an indorser receives notice of a qualified acceptance, he must within a reasonable time express his dissent to the holder, or he will be deemed to have assented thereto.

ARTICLE III.

Presentment for Acceptance.

Sec. 143. Presentment for acceptance must be made:

1. Where the bill is payable after sight, or in any other case where presentment for acceptance is necessary in order to fix the maturity of the instrument; or
2. Where the bill expressly stipulates that it shall be presented for acceptance; or
3. Where the bill is drawn payable elsewhere than at the residence or place of business of the drawee.

In no other case is presentment for acceptance necessary in order to render any party to the bill liable.

Sec. 144. Except as herein otherwise provided, the holder of a bill which is required by the next preceding section to be presented for acceptance must either present it for acceptance or negotiate it within a reasonable time. If he fails to do so, the drawer and all indorsers are discharged.

Sec. 145. Presentment for acceptance must be made by or on behalf of the holder at a reasonable hour, on a business day and before the bill is overdue, to the drawee,* or some person authorized to accept or refuse acceptance on his behalf; and

1. Where a bill is addressed to two or more drawees who are not partners, presentment must be made to them all, unless one has authority to accept or refuse acceptance for all, in which case presentment may be made to him only.
2. Where the drawee is dead, presentment may be made to his personal representative.
3. Where the drawee has been adjudged a bankrupt or an insolvent or has made an assignment for the benefit of creditors, presentment may be made to him or to his trustee or assignee.

[*The acts of several States contain the word "drawer," manifestly a clerical error.]

Sec. 146. A bill may be presented for acceptance on any day on which negotiable instruments may be presented for payment under the provisions of sections 72 and 85 of this act.* When Saturday is not otherwise a holiday, presentment for acceptance may be made before 12 o'clock noon on that day.†

[*Kentucky omits the remaining portion of this section.]

[†Colorado substitutes for the last sentence: "When any day is in part a holiday, presentment for acceptance may be made during reasonable hours of the part of such day which is not a holiday."

Wisconsin omits the last sentence altogether.]

Sec. 147. Where the holder of a bill drawn payable elsewhere than at the place of business or the residence of the drawee has not time with the exercise of reasonable diligence to present the bill for acceptance before presenting it for payment on the day that it falls due, the delay caused by presenting the bill for acceptance before presenting it for payment is excused, and does not discharge the drawers and indorsers.

Sec. 148. Presentment for acceptance is excused, and a bill may be treated as dishonored by non-acceptance, in either of the following cases:

1. Where the drawee is dead, or has absconded, or is a fictitious person or a person not having capacity to contract by bill.
2. Where after the exercise of reasonable diligence presentment cannot be made.
3. Where, although the presentment has been irregular, acceptance has been refused on some other ground.

Sec. 149. A bill is dishonored by non-acceptance:

1. When it is duly presented for acceptance and such an acceptance as is prescribed by this act is refused or cannot be obtained; or
2. When presentment for acceptance is excused and the bill is not accepted.

Sec. 150. Where a bill is duly presented for acceptance and is not accepted within the prescribed time, the

person presenting it must treat the bill as dishonored by non-acceptance or he loses the right of recourse against the drawer and indorsers.

Sec. 151. When a bill is dishonored by non-acceptance, an immediate right of recourse against the drawers and indorsers accrues to the holder and no presentment for payment is necessary.

ARTICLE IV.

Protest.

Sec. 152. Where a foreign bill appearing on its face to be such is dishonored by non-acceptance, it must be duly protested for non-acceptance, and where such a bill which had not previously been dishonored by non-acceptance is dishonored by non-payment it must be duly protested for non-payment. If it is not so protested the drawer and indorsers are discharged. Where a bill does not appear on its face to be a foreign bill protest thereof in case of dishonor is unnecessary.*

[*Wisconsin act adds: "By notary —Every notary public, when any bill of exchange or promissory note shall be by him protested for non-acceptance or non-payment, shall give notice thereof in writing to the drawer, maker and each indorser of such bill of exchange or promissory note; he shall also thereupon make a certificate under his hand and official seal setting forth the presentment, demand, refusal and protest thereof for non-acceptance or non-payment, the contents of the notice given and the time and manner of service thereof, specifying the post office and reputed place of residence of each person notified by mail; he shall also thereupon make and keep a record of such certificate and of the description of the instrument protested; and such certificate or such record or a certified copy thereof shall be presumptive evidence of the facts therein stated. The want of such certificate or record, or both, shall not invalidate any such protest or notice but the same may be proved by any other competent evidence."]

Sec. 153. The protest must be annexed to the bill, or must contain a copy thereof, and must be under the hand and seal of the notary making it, and must specify:

1. The time and place of presentment.
2. The fact that presentment was made and the manner thereof.
3. The cause or reason for protesting the bill.
4. The demand made and the answer given, if any, or the fact that the drawee or acceptor could not be found.

Sec. 154. Protest may be made by:

1. A notary public; or
2. By any respectable* resident of the place where the bill is dishonored, in the presence of two or more credible witnesses.

[*By Arkansas act: "responsible."]

Sec. 155. When a bill is protested, such protest must be made on the day of its dishonor, unless delay is excused as herein provided. When a bill has been duly noted the protest may be subsequently extended as of the date of the noting.

Sec. 156. A bill must be protested at the place where it is dishonored, except that when a bill drawn payable at the place of business or residence of some person other than the drawee has been dishonored by non-acceptance, it must be protested for non-payment at the place where it is expressed to be payable; and no further presentment for payment to, or demand on, the drawee is necessary.

Sec. 157. A bill which has been protested for non-acceptance may be subsequently protested for non-payment.

Sec. 158. Where the acceptor has been adjudged a bankrupt or an insolvent, or has made an assignment for the benefit of creditors, before the bill matures, the holder may cause the bill to be protested for better security against the drawer and indorsers.

Sec. 159. Protest is dispensed with by any circumstances which would dispense with notice of dishonor. Delay in noting or protesting is excused when delay is caused by circumstances beyond the control of the holder, and not imputable to his default, misconduct or negligence. When the cause of delay ceases to operate, the bill must be noted or protested with reasonable diligence.

Sec. 160. Where a bill is lost or destroyed or is wrongly detained from the person entitled to hold it, protest may be made on a copy or written particulars thereof.

ARTICLE V.

Acceptance for Honor.

Sec. 161.—Where a bill of exchange has been protested by dishonor by

non-acceptance, or protested for better security, and is not overdue, any person not being a party already liable thereon, may, with the consent of the holder, intervene and accept the bill supra protest for the honor of any party liable thereon, or for the honor of the person for whose account the bill is drawn. The acceptance for honor may be for part only of the sum for which the bill is drawn, and where there has been an acceptance for honor for one party, there may be a further acceptance by a different person for the honor of another party.

Sec. 162. An acceptance for honor supra protest must be in writing and indicate that it is an acceptance for honor, and must be signed by the acceptor for honor.

Sec. 163. Where an acceptance for honor does not expressly state for whose honor it is made, it is deemed to be an acceptance for the honor of the drawer.

Sec. 164. The acceptor for honor is liable to the holder and to all parties to the bill subsequent to the party for whose honor he has accepted.

Sec. 165. The acceptor for honor by such acceptance engages that he will on due presentment pay the bill according to the terms of his acceptance, provided it shall not have been paid by the drawee, and provided also that it shall have been duly presented for payment and protested for non-payment and notice of dishonor given to him.

Sec. 166. When a bill payable after sight is accepted for honor, its maturity is calculated from the date of the noting for non-acceptance and not from the date of the acceptance for honor.

Sec. 167. Where a dishonored bill has been acepted for honor supra protest or contains a reference in case of need, it must be protested for non-payment before it is presented for payment to the acceptor for honor or referee in case of need.

Sec. 168. Presentment for payment to the acceptor for honor must be made as follows:

1. If it is to be presented in the place where the protest for non-payment was made, it must be presented not later than the day following its maturity.
2. If it is to be presented in some other place than the place where it was protested, then it must be forwarded within the time specified in section 104.

Sec. 169. The provisions of section 81 apply where there is delay in making presentment to the acceptor for honor or referee in case of need.

Sec. 170. When the bill is dishonored by the acceptor for honor, it must be protested for non-payment by him.

ARTICLE VI.

Payment for Honor.

Sec. 171. Where a bill has been protested for non-payment, any person may intervene and pay it supra protest for the honor of any person liable thereon or for the honor of the person for whose account it was drawn.

Sec. 172. The payment for honor supra protest in order to operate as such, and not as a mere voluntary payment, must be attested by a notarial act of honor, which may be appended to the protest or form an extension to it.

Sec. 173. The notarial act of honor must be founded on a declaration made by the payer for honor or by his agent in that behalf, declaring his intention to pay the bill for honor and for whose honor he pays.

Sec. 174. Where two or more persons offer to pay a bill for the honor of different parties, the person whose payment will discharge most parties to the bill is to be given the preference.

Sec. 175. Where a bill has been paid for honor, all parties subsequent to the party for whose honor it is paid are discharged, but the payer for honor is subrogated for, and succeeds to, both the rights and duties of the holder as regards the party for whose honor he pays and all parties liable to the latter.

Sec. 176. Where the holder of a bill refuses to receive payment supra protest, he loses his right of recourse against any party who would have been discharged by such payment.

Sec. 177. The payer for honor on paying to the holder the amount of the bill and the notarial expenses incidental to its dishonor, is entitled to receive both the bill itself and the protest.

ARTICLE VII.

Bills in a Set.

Sec. 178. Where a bill is drawn in a set, each part of the set being numbered and containing a reference to the other parts, the whole of the parts constitute one bill.

Sec. 179. Where two or more parts of a set are negotiated to different holders in due course, the holder whose title first accrues is as between such holders the true owner of the bill. But nothing in this section affects the rights of a person who in due course accept or pays the part first presented to him.

Sec. 180. Where the holder of a set indorses two or more parts to different persons, he is liable on every such part and every indorser subsequent to him is liable on the part he has himself indorsed, as if such parts were separate bills.

Sec. 181. The acceptance may be written on any part, and it must be written on one part only. If the drawee accepts more than one part, and such accepted parts are negotiated to different holders in due course, he is liable on every such part as if it were a separate bill.

Sec. 182. When the acceptor of a bill drawn in a set pays it without requiring the part bearing his acceptance to be delivered up to him, and that part at maturity is outstanding in the hands of a holder in due course, he is liable to the holder thereon.

Sec. 183. Except as herein otherwise provided, where any one part of a bill drawn in a set is discharged by payment or otherwise, the whole bill is discharged.*

[*The Wisconsin act adds an article, entitled "Damages on Bills," as follows:

"Sec. 1682. Whenever any bill of exchange drawn or indorsed within this State and payable without the limits of the United States shall be duly protested for non-acceptance or non-payment, and the party liable for the contents of such bill shall, on due notice and demand thereof, pay the same at the current rate of exchange at the time of the demand and damages at the rate of 5 per cent upon the contents thereof, together with interest on the said contents, to be computed from the date of the protest; and said amount of contents, damages and interest shall be in full of all damages, charges and expenses.

"Sec. 1683. If any bill of exchange drawn upon any person or corporation out of this State, but within some State or Territory of the United States, for the payment of money shall be duly presented for acceptance or payment and protested for non-acceptance or non-payment, the drawer or indorser thereof, due notice being given of such non-acceptance or non-payment, shall pay said bill, with legal interest, according to its tenor and 5 per cent damages, together with costs and charges of protest."]

TITLE III.—PROMISSORY NOTES AND CHECKS.

ARTICLE I.

Sec. 184. A negotiable promissory note within the meaning of this act is an unconditional promise in writing made by one person to another, signed by the maker, engaging to pay on demand or at a fixed or determinable future time, a sum certain in money to order or to bearer. Where a note is drawn to the maker's own order, it is not complete until indorsed by him*

[*This section, and the succeding sections of this article, omitted in the Arizona act.]

Sec. 185. A check is a bill of exchange drawn on a bank payable on demand. Except as herein otherwise provided, the provisions of this act applicable to a bill of exchange payable on demand apply to a check.

Sec. 186. A check must be presented for payment within a reasonable time after its issue* or the drawer will be discharged from liability thereon to the extent of the loss caused by the delay.

[*Illinois adds: "and notice of dishonor given to the drawer as provided for in the case of bills of exchange or," etc.]

Sec. 187. Where a check is certified by the bank on which it is drawn, the certification is equivalent to an acceptance.

Sec. 188. Where the holder of a check procures it to be accepted or certified, the drawer and all indorsers are dischraged from liability thereon.

Sec. 189. A check of itself does not operate as an assignment of any part of the funds to the credit of the drawer with the bank, and the bank is not liable to the holder unless and until it accepts or certifies the check.*

[*New York has added a new section by Chapter 287, Laws of 1904, as follows: "Sec. 326. Recovery of Forged Check.—No bank shall be liable to a depositor for the payment by it of a forged or raised check unless within one year after the return to the depositor of the voucher of such

payment, such depositor shall notify the bank that the check so paid was forged or raised."

In Wisconsin a new section has been added by chapter 262 Laws of 1905 as follows: "Section 1675-24—No bank shall be liable to any depositor for the payment by it of a forged or raised check unless action therefor shall be brought against such bank within one year after the return to the depositor by said bank of the check so forged or raised as a voucher."

In California (Laws of 1905, chap. 258): An action by a depositor against a bank for the payment of a forged or raised check is limited to one year.

In Michigan (Laws of 1907, No. 95) and South Dakota (Laws of 1905, chapter 56) it is provided that no action shall be brought unless within three months after the return of the voucher to the depositor he shall notify the bank.

In Montana (Laws of 1905, chapter 78) an action must be brought within three years from the day when the depositor is notified of the payment or on which he shall have received the check order, or note marked "paid."

In Oregon (Laws of 1907, chapter 138, sec. 19) an action cannot be brought unless the depositor within thirty days and in Washington (Laws of 1907, chapter 27) within sixty days after the return of the voucher shall notify the bank.]

TITLE IV.—GENERAL PROVISIONS.

ARTICLE I.

Sec. 190. This act shall be known as the Negotiable Instruments Law.*

[*Nebraska omits this section.]

Sec. 191. In this act, unless the context otherwise requires:

"Acceptance" means an acceptance completed by delivery or notification.

"Action" includes counter-claim and set-off.

"Bank" includes any person, or association of persons carrying on the business of banking whether incorporated or not.

"Bearer" means the person in possession of a bill or note which is payable to bearer.

"Bill" means bill of exchange, and "note" means negotiable promissory note.

"Delivery" means transfer of possession, actual or constructive, from one person to another.

"Holder" means the payee or indorsee of a bill or note, who is in possession of it, or the bearer thereof.

"Indorsement" means an indorsement completed by delivery.

"Instrument" means negotiable instrument.

"Issue" means the first delivery of the instrument, complete in form, to a person who takes it as a holder.

"Person" includes a body of persons, whether incorporated or not.

"Value" means valuable consideration.

"Written" includes printed and "writing" includes print.

Sec. 192. The person "primarily" liable on an instrument is the person who by the terms of the instrument is absolutely required to pay the same. All other parties are "secondarily" liable.*

[*Kansas omits the last sentence.]

Sec. 193. In determining what is "reasonable time" or an "unreasonable time" regard is to be had to the nature of the instrument, the usage of trade or business (if any) with respect to such instruments, and the facts of the particular case.

Sec. 194. Where the day or the last day for doing an act herein required or permitted to be done falls on Sunday or on a holiday, the act may be done on the next succeeding secular or business day.

Sec. 195. The provisions of this act do not apply to negotiable instruments made and delivered prior to the taking effect of this act.*

[*Omitted in the Arizona act.]

Sec. 196. In any case not provided for in this act, the rules of§ the law merchant shall govern.*†‡‖

[§Arkansas, Minnesota and Vermont insert: "law and equity including."]

[*Kentucky omits this section.]

[†Iowa adds the following:

Sec. 198. Days of grace—demand made on. A demand made on any one of the three days following the day of maturity of the instrument, except on Sunday or a holiday, shall be as effectual as though made on the day on which demand may be made under the provisions of this act, and the provisions of this act as to notice of non-payment, non-appearance, and as to protest shall be applicable with reference to such demand as though the demand were made in accordance with the terms of this act; but the provisions of this section shall not be construed as authorizing demand on any day after the third day from that on which the instrument falls due according to its face.

[‡The New York and Ohio acts contain the following articles, numbered 330-332 and 3178 g-1, respectively, entitled "Notes Given for a Patent Right and for a Speculative Consideration."

The Kansas act contains Sec. 332.

Sec. 330. Negotiable Instruments Given for Patent Rights.—A promissory note or other negotiable instrument, the consideration of which consists wholly or partly of the right to make, use or sell any invention claimed or represented by the vendor at the time of the sale to be patented, must contain the words "given for a patent right" prominently and legibly written or printed on the face of such note or instrument above the signature thereto; and such note or instrument in the hands of any purchaser or holder is subject to the same defenses as in the hands of the original holder. But this section does not apply to a negotiable instrument given solely for the purchase price or the use of a patented article.

Sec. 331. Negotiable Instruments for a Speculative Consideration.—If the consideration of a promissory note or other negotiable instrument consists in the whole or in the part of the purchase price of any farm product at a price greater by at least four times than the fair market value of the same product at the time, in the locality, or of the membership and rights in an association, company or combination to produce or sell any farm product at a fictitious rate or of a contract or bond to purchase or sell any farm product at a price greater by four times than the market value of the same product at the time in the locality, the words "given for a speculative consideration" or other words clearly showing the nature of the consideration, must be prominently and legibly written or printed on the face of such note or instrument above the signature thereof; and such note or instrument in the hands of any purchaser or holder is subject to the same defenses as in the hands of the original owner or holder.

Sec. 332. How Negotiable Bonds are Made Non-Negotiable.—The owner ro holder of any corporate or municipal bond or obligation (except such as are designated to circulate as money, payable to bearer) heretofore or hereafter issued in and payable in this State, but not registered in pursuance of any State law, may make such bond or obligation or the interest coupon accompanying the same non-negotiable by subscribing his name to a statement indorsed thereon that such bond, obligation or coupon is his property, and thereon the principal sum therein mentioned is payable only to such owner or holder, or his legal representaties or assigns, unless such bond, obligation or coupon be transferred by indorsement in blank, or payable to bearer or to order, with the addition of the assignor's place of residence.]

Sec. 341. This chapter shall take effect on the first day of October eighteen hundred and ninety-seven.

[|| Nebraska adds the following sections:

Sec. 195. Holidays.—

The following days, viz.:

1. The first of January, known as New Year's Day.

2. The twenty-second day of February, known as Washington's Birthday.

3. The twenty-second day of April, known as Arbor Day.

4. The thirtieth day of May, known as Decoration or Memorial Day.

5. The fourth of July, known as Independence Day.

6. The first Monday in September, known as Labor Day.

7. The twenty-fifth day of December, known as Christmas Day.

8. Any day appointed and recommended by the Governor of this State, or the President of the United States, as a Day of Fast or Thanksgiving, and

9. Any day which may hereafter be made a legal holiday shall, for the purposes of this act, be holidays; but if the said days herein be the first day of the week known as Sunday, the next succeeding secular or business day shall be a holiday."

Sec. 196. "Note give for patent right, how to be written, et cetera. A promissory note or other negotiable instrument, the consideration for which consists, in whole or in part, of the right to make, use, or vend a patented invention, or an invention claim to be patented, shall have written or printed prominently and legibly, across the face thereof, and above the signature thereto, the words "Given for a patent right;" such instrument in the hands of any purchaser or holder, shall be subject to the same defenses as it would be in the hands of the original owner or holder; any person who purchases or becomes the holder of a promissory note, or other negotiable instrument, knowing it to have been given for the consideration aforesaid, shall hold the same subject to such defenses, although the words "given for a patent right" are not written or printed upon its face."]

INTRODUCTORY.

An accurate list of trustworthy attorneys is one of the essentials of successful professional and commercial life. Such a list must cover the continent. Its members must possess unquestioned integrity and tested ability. In order to insure these qualities in the names presented in the columns of

THE AMERICAN BANK REPORTER

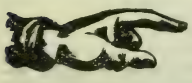
the publishers have always made it a rule to admit the name of no lawyer not endorsed by a reliable bank, banker or business man. This has resulted in securing a list of chosen practitioners whom we unhesitatingly recommend to our patrons and the general public. While this is so we cannot be understood as guaranteeing any one in the list. That is beyond our province. We will cordially appreciate information of any dereliction on the part of any one whose name is given, and if our thorough investigation confirms the report, we shall instantly remove the guilty party from our membership.

Attention is called to the revised synopsis of the Banking and Mercantile Laws o all the States, Territories and Canada, which, in the present edition, is materially enlarged and brought down to the latest legislation and judicial decisions. Another feature which will be found of great service, are the tables of Commercial Laws, wherein, under appropriate headings, is to be found the present law of every jurisdiction upon the matter of Assignments, Insolvency, Exceptions, Limitations, Judgment Notes, Arrest, Interest and Usury. Other features will also be found carefully revised to date.

UNIFORM RATES

RECOMMENDED BY THE

Commerical Law League of America



AT ITS

Twenty-third Annual Convention (1917)

EFFECTIVE NOVEMBER 1, 1917

15 per cent. on the first $300.00;
8 per cent. on the excess of $300 to $1,000;
4 per cent. on the excess of $1,000;
Minimum fee, $5.00;
On items of $10.00 or less, 50%;
Minimum fee for suit, $7.50. Commissions as above to be added; but total in no case to be over half the claim.

By resolution of the 1915 Convention it was decreed that the proper basis for the division of Commission on Collection between Forwarder and Receiver is one-third to the Forwarder and two-thirds to the Receiver.

Subscribers and correspondents using this Directory should sign themselves, "Subscribers to THE AMERICAN BANK REPORTER."

STEURER PUBLISHING CO.
420 East 149th Street, New York

SPECIAL LIST OF ATTORNEYS IN THE UNITED STATES.

Most of the Attorneys or law firms we name in this List are voluntarily recommended by banks or bankers in response to inquiries for reliable and desirable correspondents on business matters. County seats are noted thus *

☞ **Subscribers to THE AMERICAN BANK REPORTER, signing themselves as such, will have their communications, addressed to the following attorneys, promptly attended to.**

National Safety Paper spots fraud

The forger, who wants to alter a check, experiments first with the paper used for the check—to see if he can alter it without detection.

This page is National Safety Paper. Try the check manipulator's own test—attempt to erase a pen or typewriter mark on this paper either with acid or a knife. It shows glaringly, and any alteration is instantly detected.

The use of National Safety Paper for a bank's checks is an automatic protection. This protection is employed by most of the greatest banks and corporations of the country.

National Safety Paper is an inexpensive protection. Ask your stationer, printer or lithographer for samples and prices or write direct to the manufacturers.

GEORGE LA MONTE & SON
